

Touring Talkies

The “Touring Talkies” programme of the Academy has virtually transformed into a Traveling Film Festival of sorts. In this programme, the Academy screens quality films like the old traveling picture shows of last century. Chalachitra Academy teams take film treasures from the Archive vaults to halls, colleges and schools throughout Kerala. Thus the Academy is literally transforming the film viewing experience of the Keralites. As a result cinema is reaching to the masses through open spaces rather than just theatres.
